SKILLS SUMMARY

Programming Languages
Python, Java, C

Core Concepts
Data Structures & Algorithms,
DBMS, OOP

Web Technologies
HTML, CSS, JavaScript

Areas of Interest
Artificial Intelligence, Generative
AI, Prompt Engineering, Cyber
Safety

STRENGTHS

-  Teamwork & Collaboration
-  Strong Communication
-  Problem Solving
-  Willingness to Learn

LANGUAGES

- English
- Hindi
- Telugu

SRIMYTHRI SRIDHARA

ASPIRING SOFTWARE DEVELOPER

Motivated second-year B.Tech Computer Science and Engineering student with a strong interest in artificial intelligence, cyber-safety, and practical software development. Skilled in Python, Java, and C, with hands-on experience building and completing real projects. Eager to contribute to a team, work on meaningful problems, and keep growing as a developer.

EDUCATION

Bachelor of Technology (B.Tech) — Computer Science and Engineering

Mallareddy Engineering College for Women, Hyderabad
Currently in 2nd Year · CGPA 9.35 · Expected Graduation: 2029

PROJECTS

- 1

TrustCheck AI Completed

An AI-powered cyber-safety project that detects potentially harmful intent in conversations. Uses intent detection and contextual analysis across scenarios such as student life, healthcare, and finance.
- 2

Rock-Paper-Scissors (Java) Completed

A console-based game built in Java using randomized computer choices and conditional logic to create an interactive playing experience.
- 3

Personal Portfolio Website Completed

A responsive personal website built with HTML & CSS to showcase skills, projects, and academic journey.

TECHNICAL SKILLS

- Python
- Java
- C
- HTML
- CSS
- JavaScript
- Data Structures & Algorithms
- DBMS
- GitHub

CAREER OBJECTIVE

To begin my career as a software developer by applying my technical skills and problem-solving mindset to real-world challenges — contributing to impactful projects while continuously learning and growing into a capable, responsible technology professional.
